

## Thursday God Talk

Do you want to think more deeply about your faith? Are you interested in helping others to think theologically about their beliefs and practices as Christians? Do you lead worship, bible study groups or fellowship groups? If so - you will not want to miss this opportunity to enrich your understanding of Christian theology, covering a variety of topics, in conversation with others.

Over the next Connexional year there will be nine sessions, approximately once a month, with three in a term. Each session will include some study material for you to reflect on in your own time (should take about 1 hour) and an online Zoom conversation in the evening lasting 1 1/2 hours. It will be helpful you attend all three sessions in a term as they will link together, and hopefully provide different perspectives across a subject area.

### Who is talking?

The session will be curated and facilitated by Dr Wendy Allen, Regional Learning Network Officer, with additional input from invited contributors on particular topics ... but also yourselves in conversation with the material, and with others in the group.

### Programme - Thursday Evenings 7.30 - 9.00pm
